A Few Reasons Why You Should Buy in Clear Lake City

CLIMATE unsurpassed, winter or summer; perennial sunshine; no wind, no fog, no snow or ice; altitude about 1500 feet.

CLEAR LAKE CITY is surrounded by Mineral Springs and Summer resorts. Thousands of people who could go anywhere, choose this locality every year in which to spend the summer. It is delightful, summer or winter.

THE SPORSTMAN'S PARADISE; the best hunting and fishing in California. Quail, dove, pigeons and deer are found in great abundance, while the mountain streams are stocked with trout and the Lake is full of fish.

THE SOIL is fertile and will raise anything—flowers, fruits, vegetables and grain. A man can raise vegetables and fruit enough on two or three lots at Clear Lake City to support a family, on account of the fact that the climate is so equable that he can raise at least two or three crops a year, The townsite is mostly level, partly rolling, and none of it is steep or rocky. It is on the line of Two Projected Electric Railroads.

After the electric roads are completed these lots will be worth $100 and upwards.

THE BEST REASON of all is that $10 gets you a deed and certificate of title to a lot in Clear Lake City, free and clear of all incumbrances. It is all you pay—no future payments.

THE FIRST RESIDENT MINISTER

War Spirit Reaches People of Halfmoon Bay---Pescadero Makes Attempt at Annexation.

[In this issue is continued a chronicle of some of the events of 1861.]

Apparently the members of the Board of Supervisors at this time were supposed to be equipped with some knowledge of medicine among their other qualifications. At the meeting of the Board on February 4th an order was passed directing that the Supervisor of each district attend to and provide for the indigent sick of his district. For this service the Supervisor was allowed out of the treasury a fee of $1.50 and a mileage of 50 cents for each visit of this character made, this being stated to be the regular physician's fee. What was the effect of this move on the indigent population can not be ascertained.

In the early part of February, a movement was started looking to the annexation of Pescadero to San Mateo County, taking the township from Santa Cruz. To a large extent the movement among the people of Pescadero had its inception in the inconvenience suffered from the fact that they were a long distance removed from the county seat of their county, which could only be reached over almost impassable roads. To secure the desired change, a petition had been extensively signed by the residents of the township and was forwadred to the Legislature then in session. Owing, it was claimed, to a lack of interest on the part of the Assemblyman from this county, the movement failed to receive recognition at that session.

The first evidence of the military spirit engendered by the Civil War to be shown in San Mateo county was shown at Halfmoon Bay. At this place steps were taken in February, 1861, for the organization of a military company, to be known as the Halfmoon Bay Invincibles. The company consisted of 50 men, and were uniformed in the same style as the men of the regular army at that date. The company drilled as light infantry and used the state minnie rifles.

The annual meeting of the members of the Union Cemetery Association was held in February 25, 1861, at which all the old officers were retained. The report of the Superintendent showed that the interments for the year numbered seven, but three deaths occurring in Redwood City. The receipts for the year were reported as having been $60, of which $20 was paid for trespass on the grounds; the expenditures for the year amounted to $40.

For the first time in its history, Redwood City was able to boast of numbering among its residents a minister of the gospel in March, 1861. About the middle of the month Rev. J. S. Zelie, with his family, located here and took up his work, preaching every Sunday in the courtroom at the Courthouse. No mention is made of the particular creed of the new minister, but he was spoken of as a fine speaker and an educated man of pleasing address. Rev. Zelie soon became active in local affairs, taking especial interest in educational matters, and within a short time of his coming here was elected a member of the Board of School Trustees.

At the meeting of the Board of Supervisors in April, 1861, a rearrangement of the school districts was made, and Redwood City was created into a seperate district. A meeting of the people of the new district was held April 3d, at which Rev. J. S. Zelie, T. Finger and William Littlejohn were elected as Trustees. The people expressed their confidence in the teacher, Mrs. Wright, by recommending that she be continued in charge of the school. At Woodside there was a lively contest over the election of the Trustees, three ballots being necessary to complete the selection. The Trustees elected were R. Greer, John Greer and G. Talyor. Under the rearrangement the county was divided into nine districts. On May 6th, the Board of Supervisors appointed H. S. Loveland as School Superintendent, the first official of this character in the county. Up to this time the duties had been performed by the Chairman of the Supervisors in an exofficio capacity. The salary of the Superintendent was fixed at $300 per year by the law creating the office which had been passed at the last session of the Legislature.

Real estate values in this city were rapidly on the increase at this time. In one instance it was reported that an unimproved lot 50 by 100 feet, in the business section of the town had been sold for $1000, while two vacant lots adjoining the Gazette office were held at $250 each. The original price of these lots, at the time of the first subdivision of the town, was $75 each.

Already the town was outgrowing its first limits, and preparations were being made for platting new additions, to provide room for the increasing population. In May a new addition was platted, the location being on the southern side of the city, and including portions of the lands of Messrs. Stambaugh, Chew, Hilton Hancock, Heller, Parsons and Reed, the whole making a tract of 156 acres. This was divided into 81 blocks, each containing 12 lots of the dimensions of 50 by 100 feet. The new addition was bounded by the County Road and Main street, and the lands of D. Sweeney and T. G. Phelps.

On May 20th, 1861, the first movement looking to the building of a church in this city was made, and a meeting was held at the Courthouse for the purpose of securing an organization. At this meeting C. Livingston presided, and John Ames acted as secretary. After discussion it was decided to form an organization under the provisions of the state law relative to religious corporations, and Rev. J. S. Zelie, C. N. Fox, C. Livingston, J. W. Turner and J. L. Snow were named as a committee to take the necessary steps. Apparently no definite results were obtained for some time, as no further mention of the matter was made during the year.

At this time an attempt was made to break away from the environs of party politics in local affairs, which subsequent results proved to be successful for a time, the next county election resulting in a victory for what was denominated the "People's Ticket." For the purpose of securing this action, a petition which received a large number of signatures was circulated requesting a number of citizens to act as a "Peoples Nominating Committee." Those named as the committee by the petition were as follows: D. S. Cook, A. I. Easton, A. W. Rice and H. B. Simmons, of the first township; Hugh Hamilton, Burns John, John Purcell, N. C. Lane, W. Buzzell and Michael Wolf, of the second township; Joshua Leavitt, J. V. Diller, C. Livingston, A. Dexter, R. W. Tallent, J. O. Shaw, Wilson Whitlock, M. L. Wheeler, George Hamilton, R. O. Tripp and J. P. Edinger, of the third township. Later the name of John Johnson, of Canada Verde, was added to the list. This committee met July 13th and placed in nomination the ticket for county officers as follows: District Attorney, Charles N. Fox; County Clerk, B. G. Lathrop; Sheriff, S. H. Bowman; Tax Collector, W. A. Clark; Assessor, S. H. Snyder; Treasurer, Burns John; Surveyor, A. S. Easton; Coroner, S. S. Stambaugh; Public Administrator, Charles Livingston.

Spanishtown was at this time one of the important towns of the county and was making considerable growth. The place was also in the line of a considerable travel at this time, and there appeared to be a demand for a good hotel. While not intending to engage in the business for himself, H. C. Bidwell decided to assist in filling the demand and in the early part of September completed the erection of a building of considerable size for the time, containing 16 large rooms. As soon as the building had been completed, it was advertised as either for rent or for sale to any person familiar with the business. Within a few weeks the house was opened to the public under the name of the Halfmoon Bay House by Fred H. Ellsworth and John H. Morse.

Delivery Horse Takes Exercise.

The delivery team of Joe Perry took fright at a train Tuesday afternoon and ran at breakneck speed through town. Luckily they did no damage, although Main street and Broadway were lined with teams and automobiles and the school children were on their way home. The horses turned from Broadway on Webster street and crossed the bridge to the Island where they turned into the fence and were stopped. Neither the horses nor wagon were injured.

TOWN TRUSTEES MEET

Native Daughters Confer With Council Regarding Plans for the City Park.

Trustees Brown, Rice and Merrill were the only members present at the meeting of the Council last Monday evening, Trustees Beeger and Hynding being our of town. Before taking up the general business for which an adjournment was taken, an hour was spent in discussing the condition and needs of California Square with a committee of ladies from Bonita Parlor, Native Daughters of the Golden West, who have charge of the park.

Mrs. J. W. Wilson acted as spokesman for the committee, stating that one of the troublesome questions they were facing was a request that tennis courts be permitted in some portion of the park and the question as to whether or not these were desired for the exclusive use of the members of the clubs. In the opinion of the committee, the location of the courts, which would occupy a considerable space, would materially interfere with the plans adopted for the improvement and require the abandonment of some of the walks. There was also the question as to who should bear the expense, which would amount to a considerable sum. While the committee had no special objection to the courts, they doubted the wisdom of devoting any portion of this park to a special class of recreation, as those interested in other sports might with equal propriety request equal privileges, eventually occupying the entire space of the ground. For these reasons they did not wish to proceed without direct sanction from the Council.

Dr. Cummins, on behalf of the tennis enthusiasts, stated that while the use of the proposed courts was desired by the present clubs, it was expected that they should be open to the use of all who wished to indulge in the game. It would probably require nearly $1000 to complete the courts. Dr. Cummins urged that the courts would be a public benefit, arguing that the holding of tournaments would attract visitors.

While no definite action was taken, the remarks of the Trustees present indicate that they looked with favor on the proposition. It was suggested that the tennis advocates submit a written proposal, giving a plan of the courts and their construction and probable cost. This was followed by a general discussion of the work to be done on the park, during which it developed that fully $2000 had already been expended in that direction. Finding they had accomplished all that was possible at this time, the ladies withdrew and the Council took up general business matters.

The report of the Treasurer showed that there was $955.41 in the Roosevelt avenue improvement fund to be distributed among the property owners. Mr. Cumberson suggested that as the amount to be returned to each would be insignificant the surplus be devoted to further improvement of the road. He suggested that the road be oiled with heavy bituminous oil and then covered with a light coat of screanings and rolled. While this would cost more than the amount on hand, the city could afford to expend the extra money as the expense of constant watering would be saved. While the Trustees approved of the suggestion they insisted that the property owners must first signify their desire that something of this character be done.

Street Superintendent Dickey proposed that the city should oil at least a portion of the roadway of several streets with a view to killing unsightly vegetation as well as laying the dust. He especially mentioned Arguello, Jefferson, Broadway and Phelps streets. He was instructed to prepare an estimate of the cost for the next meeting.

Hall C. Ross appeared before the Board as the representative of Baldwin & Howell and asked that preliminary steps be taken for the improvement of additional streets in Dingee Park. He presented a resolution of intention for macadamizing, constructing concrete gutters and curbs and the laying of sewers in Grant, Hudson, Iris, Jeter, King, Lowell, Myrtle and Nevada streets, which was adopted.

Trustee Brown called attention to a reprehensible practice indulged in by a number of young children. Of late he has been informed by a number of residents that they were being annoyed by the depredations of these youngsters, who made a practice of entering yards and stealing flowers. People also complained that flowers placed on graves in the cemetery disappeared from the same cause. The opinion of the Trustees appeared to be that parental neligence was the cause of much of this trouble, and nnless a stop is put to the practice it is probable drastic measures will be resorted to.

Unless the Sunset Magazine makes some changes in their advertising that will give this city a more prominent showing it is probable that the Trustees will cancel their contract. Several copies of the magazine were examinee and this was the expressed opinion. It was stated that under the agreement at least a quarter of a page should be devoted to this city, which has not been done. Trustee Rice was especially insistent in this stand.

The City Attorney was directed to prepare an ordinance regulating the speed of automobiles.

Another adjourned meeting will be held Tuesday evening, June 1st.

D. E. O'KEEFE, Editor and Proprietor

Members af the Grand Army of the Republic are again entering their annual protest against the too prevalent tendency to devote Decoration Day to the enjoyment of sports and general hilarity. There should be no occasian for this action. The day is set apart by the Nation for the honoring of the dead who gave up their lives in defense of their country and its grand institutions, and should be held sacred by every true lover of his land.

Statements made by Trustee Brown at the last meeting of the Council would seem to indicate a woeful neglect on the part of some parents. While children will be mischevious, no child who is given proper care at home will become a trespasser upon the rights of the neighbors. It is not a difficult matter to instill into the minds of children the difference between right and wrong. Possibly the pilfering of flowers may be an act of thoughtless mischief on the part of playful youngsters, but it is certainly a step in the wrong direction and parents should see to it that this tendency is promptly checked.

What has become of the report of the committee appointed to secure data as the freight tonage for Redwood Creek. When the committee was named, it was promised that the report would be made within two weeks. While no effort should be made to unduly rush the matter, and it is realized that time is required to prepare statistics that will be of value, the improvement of this waterway is of too much importance to admit of neglect. If this city is to secure the needed aid in this project from the Government, her citizens must act promptly and efficiently. Push along that report, and then let all hands get busy.

The Surf of Santa Cruz devotes its entire editorial page Tuesday to the intended dismissal of Game Warden Welch of that county by the board of supervisors. The article strongly scores the political bosses of that county for the part they took in securing the dismissal of Walter Welch, who the Surf declares to be the most efficient and capable game warden in the state. All the sportsmen of that county speak in the highest praise of Mr. Welch's work. The papers have published long articles denouncing the manner in which the game warden was ousted

Should Provide Modern Methods.

The suggestion that the County purchase an automobile for the use of the Sheriff's office appears to be a wise one, and should receive favorable consideration at the hands of the Supervisors. That efficient work may be secured in any department of business life, modern methods must be provided. This is especially true in the duties of the Sheriff's office, where prompt and rapid action is frequently of the utmost importance.

The advantages of the use of the automobile in this department of the public service has become fully recognized, and practically all of the important counties and municipalities in this and other states have provided these machines for the use of their police departments. San Mateo county cannot afford to be a stragler in the march of progress in a matter so important as this. The cost will not be material, in view of the probable benefits, and there is no doubt that the expenditure would meet the approval of every good citizen of the county.

Dont Overlook This.

Here is a forture for some one. 12 acres of rich gravely loom, well adapted for garden, nursery or fruit, but best toadapted for a nursery as it is in a warm nook in foot hills, with an abundance of water the year round This is only 2 miles from Stanford University on the Los Gatos cutoff, and 5 minutes walk to the railroad station. There are some very nice trees on this place. It will make an Ideal Home as well as an income property. This is now selling at Bedrock price and $100.00 will handle it. Inquire of J. B. Daley, 637 Emerson st., Palo Alto, California.

FIREMEN CELEBRATE ANNIVERSARY DAY

Old Veterans and Young Fire Fighters Join in Natal Day Festivitivity.

GOLD BADGE FOR A. L. LOWE

George W. Lovie Recounts History of the Days When the Old Boys Ran With the Machine.

Redwood City's Firemen and their friends—and who is not a friend of the firemen—were happy last Saturday night. The older men were reminiscent and the youngm en were enthusiastic, but all were hungry and enjoyed the banquet prepared for them by caterer F. W. Glennan. There were tempting viands galore, followed by entertaining and interesting talks. Later there was a dance, and both young men and old men—and of course young women and older women—danced to their heart's content. Thus was the 20th anniversary of the organization of the present efficient fire department fittingly celebrated.

During the earlier part of the evening, the Redwood City Band discoursed music in front of the Town Hall, while the Firemen gathered preparatory to their march to the banquet room in the Odd Fellows Hall. After the gastronomical desires of the party had been satisfied, City Attorney Albert Mansfield, who officiated as toast master of the evening, called the joyous crowd to order,and a pleasant hour was devoted to the recounting of the past achievements of the department and a discussion of present needs.

George W. Lovie, the first Chief of the Department, was the chief speaker of the evening, devoting himself mainly to a recounting of the early history and struggles of the men who had stood ready to protect the property of the city. Mr. Lovie referred to the organization of the first fire company of the city, which occurred Steptembr 21, 1861, the company starting with 23 members, and worked without apparatus of any kind until September of the following year, when the old hand engine was purchased and a house built on the north end of Main street. When the engine arrived it was housed with a great parade, headed by the band of a minstrel troupe which was playing here at the time. At this time the expenses of the department were kept up by the payment of dues by the members, and this practice was continued until 1888, when it was decided to ask that the city undertake to bear the cost of the department. At the time of making this proposal, the department agreed to turn over to the city the property which is now the town hall. This proposal was accepted and the property was deeded by the Fire Department to the city, although there was a question as to the title until 12 years ago, when through the efforts of George C. Ross another deed was secured from the original owners conveying full title to the city. Since the reorganization of the Department 20 years ago the men who have been at the head were, besides the speaker who was the first Chief Henry Beeger, now deceased, Sy Davis, Dan Mullen, J. W. Glennan, G. W. Lovie (for a second term), George W. Winter and A. L. Lowe. The latter served for three years, when the command was again returned to Chief Winter. Mr. Lovie complimented the younger members of the department on their work at this time, and urged them to renewed energy, especially advising frequent drills.

The next speaker introduced was Chairman Merrill of the Board of Trustees, who spoke at some length on behalf of the city officials, offering much encouragement to his hearers. Prefacing his remarks with a humorous anecdote of his youthful days, he promised the Department every possible encouragement from the city, voicing the readiness of the Trustees to cooperate with the department in every possible suggestion for the improvement of its efficiency.

J. W. Glennan was then introduced by toast master Mansfield as "the oldest fireman of them all." Mr. Glennan stated that he had been a fireman nearly all of his life, and that when he first located in Redwood City he had joined with the department here. He supplied several interesting items of the history of the department in the early days.The old hand engine was purchased in the east, while the first hose cart was secured in San Francisco, the machines being obtained through the efforts of .J W. Atkinson, one of the prominent members of the original organization. The engine house now used as the town hall was built by the contributions of 21 members of the department, each of whom subscribed $12.50 for that purpose.

Mr. Glennan was followed by Dan Mullen, who urged that new apparatus should be provided without delay. He plead for special care of the old hand engine as one of he treasured relics, which had long done efficient service.

Chief Winter voiced the plea of the fire boys for better provision. He urged especially that the fire houses be improved and put in more serviceable and attractive condition for the use of the men who were giving freely of their services to the public without hope of rewaard.

George West, on behalf of the members of the department then presented to former Chief Al Lowe a handsome gold badge, as a token of their appreciation of the services rendered by him, as well as an exhibition of the regard in which he was held by his companions. The badge is a handsome gold pendant, surmounted by an eagle and inscribed on the face "Presented to A. L. Lowe, R. C. F. D," while on the reverse side is engraved "1906-1907-1908," denoting the years Mr. Lowe served the Department as its Chief.

This was followed by a short talk from Frank Dwyer, formerly Chief of the San Jose fire department. The pleasant meeting in the banquet room closed with a song in his native dialect by Ah Sam, the Chinese member of the department, and one of the most active men in the fire brigade.

.....

After the banquet the happy firemen and their friends adjourned to the theater, where many spent the greater portion of the night tripping the light fantastic to the music of the Redwood City Band.

Supervisors Hold Session.

All the members attended a meeting of the supervisors held last Saturday. The work of mounting the eagles on the two ends of the court house was condemned on complaint of Superintendent McKenzie. The contractors agreed to remount the eagles without any notification from the clerk.

On motion of Blackburn the offer of the O'Brien Construction Co. to install a burglar alarm in the court house for $300 was accepted.

J. C. Nealon, representing the O'Brien Construction Co., addressed the board in reference to the claim of $360 for bricking up the extra stone work. McEvoy contended that this was in the original contract and the payment was already made. On motion of Blackburn seconded by Casey the claim was allowed. McEvoy at once served notice on the auditor protesting against the payment of the claim.

A resolution was adopted authorizing the payment of all the claims against the first road fund incurred by Eikerenkotter to the amount of $9,305.74.

The petition of the people of San Bruno to form a fire district was referred to the District Attorney. The commissioners appointed at the last election were notified to take no action until the matter was regularly disposed of.

The O'Brien Construction Co. was granted four months further time from June 3d to complete the court house.

A resolution was adopted changing the place of meeting of the board from the courthouse to the kindergarten building on the courthouse grounds.

The Direct Telephone Co. was awarded a contract to install its system in the courthouse for $1454.37.

A resolution was adopted authorizing the payment of $4227.60 to the Cityof South San Francisco as its share of the taxes of the first road district due at the time of incorporation.

MENLO PARK NEWS IN BRIEF MENTION

Knights of Columbus Preparing to Celebrate Anniversary of Organization.

CADETS EARN COMPLIMENTS

Passing of Mrs. Christian Reis--Local and Personal Notes---Sunday Schools Will Picnic.

It is about time the people of this place would call a halt to the Palo Alto press for the foul slander it is constantly heaping upon the village. It is within their power to do it, let them exercise this power to its fullest extent. Let the trade that goes to the college town be diverted and see how quick the merchants will howl, and as they keep the newspapers by advertising, they will withdraw their advertising and then watch the tone of these papers. This will have to be resorted to unless the papers of that place change their tone. Everythign is magnified and distorted by them to cast odium upon Menlo Park.Only this week an article appeared in jest in the San Francisco Call concerning a Menlo young lady. The Palo Alto papers took it up and twisted the article so that it appeared ridiculous to those who knew the facts. The dog races and Menlo saloons were interwoven in the account. This was all done to discredit the people of Menlo Park and cast a slur upon the village to make intending home seekers locate in the College town that is ridden with Women's Clubs, Humane Society Clubs, Improvement Clubs and worse the Knocker's Club. We cannot believe the good people of Palo Alto countenance the vilifying done by their papers. Let them stop their subscriptions.

The Sunday school children of the Episcopal church and Presbyterian church will picnic at Congress Springs today. They will be accompanied by their parents and teachers. The electric cars will be taken at San Jose to the picnic grounds at the Springs. The little tots look forward to a good time.

Company E. League of the Cross Cadets took part in the competitive drill at San Francisco on Tuesday evening. The company was forty strong and was in command of Captain J. W. Morey. The cadets were highly complimented by Bishop O'Connell who took occasion to praise the young men for their military proficiency.

San Mateo Council, Knights of Columbus, are preparing to celebrate the anniversary of its organization here on Sunday, June 27th. There will be literary exercises in the Parochial hall followed by a dinner to be served there. All local knights are looking forward to a good time. About 200 will be present. The young ladies sodalities of San Mateo and Menlo Park will assist in entertaining the guests of the day.

This community was shocked to learn of the sudden death of Mrs. Christain Reis at her home last Saturday evening. She was in San Francisco that day and apparently enjoyed the best of health. About 8 o'clock she sank to the floor and expired in a short time. Deceased had long been a resident of Menlo Park having come here many years ago. She was universally liked and loved by all. Mrs. Reis was a devoted mother and loving wife and a woman of the highest character. She is survived by her husband and two sons, Ferdinand and Christain Reis. The funeral took place Tuesday from here in a private funeral car. Interment was in Cypress Lawn Cemetery, Colma.

If you are looking for choice fruit phone 628K, Liedberg's and you can depend on getting the best to be had in the market. The latest varieties in fruits. Distilled water and siphon water. Goods delivered promptly. Agent Palo Alto Hone Bakery. A trial order solicited. tf.

Everything is practically completed for the Rose Fete to be held in Menlo Park June 4th, at the Parochial hall. The ladies here have been busily engaged in making costumes for the juvenile actors. The lights and music have been engaged for the occasion, and all that remains is for the decoration committee to put their artistic touches on the hall and transfer it into what will be a scene of splendor and beauty. Miss Fannie Casey has selected as the maids of honor for the occasion the following young ladies. Misses Margaret Kelly, Essie McEvoy, Bertha Blanchard, Bessie Fitzgerald, Mabel Duff and Annie Lenehan. No other young ladies are to be asked to officiate on the occasion whose names are not announced yet. Masters Paul Drughert and Frank O'Brien are to be the pages to the queen, while Mr. James E. Fitzgerald, Menlo's popular and well-known Native Son will do the honors of the Prime Minister. Everything is finished now but the shouting and there will be an abundance of that when the patrons of the festival see what the ladies have prepared for them. It will be an occasion of gay festivity and good fellowship. The following are the committees which have had the festival in charge. Program committee, Rev. Father Harrington, Mrs. Jas. T0 O'Keefe, Mrs. J. J. Downey and Mrs. P. Halloran Printing committee Mrs. J. J. Downey, Mrs. M. F. Duff and Mrs M. E. Selzer. Refreshment committee, Mrs. A. Gale, Mrs C. A. Brady and Mrs. J. P. Ahlert. Decoration committee, Mrs. M. F. Duff, Mrs. Robt. Kavanaugh, Mrs J. P. Ahlert and Mrs. David Tuttle. Reception committee, Messrs. J. J. Downey, D. Driscoll, F. P. Roach, C. A. Brady, C. M. Weeden, J. B. Kelly, Jas. T. O'Keefe and Ray Daly. Floor committee. Messrs. J. J. Doyle, Martin McCarthy and Thomas Maloney. The following ladies will act as patronesses of the Rose Fete: Mrs. J. A. Donohoe, Mrs. E. L. Eyre, Mrs. Perry Eyre, Mrs. Percy Moore,Miss Katherine Donohoe and Miss Jane Selby. Don't forget the date, June 4th. The diplomas were presented by James T. O'Keefe in a well prepared address to the following graduates: Mayo Andreen, Lionel Barneson, Minnie Becker, Henry Beager, Jean Bruce, Eveline Cussan Jessie Fitzpatrick, Morris Goldsmith, Emma Holden, Petra Johnston, Elizabteh Lewis, John McCrea, Walter Nobs, Irene Roche, Teresa Sullivan, Sidney Williams and Hazel Winter.

The valedictory was by H. M. Andreen and it is a very creditable production. It was as follows:—

We of the class of nought nine, to-nigh stand on the brink between school life and the life of the world; and such a century is it that it is going to catch us up and sweep us on with its current.

The twentieth century has so properly been called the century of opportunities—opportunities for those of us who are vigorous, determined and ambitious. This century has just commenced to utilize the fundamental principles of nature. When we stop and try to comprehend the wonderful strength of the steam engine, the mysterious whisperings of the telephone, the clatter of the telegraph sounder and lastly, the wonderful wireless, we almost doubt that there can be any advance beyond our present achievements. But when we stop to consider the labors of our present inventors and see them trying to demonstrate other principles grander and more sublime, we wonder what the end will be. Men daily seek to improve. Not content with hearing the whisperings of the telephone, they seek to see the sender of the message. Not content with our magnificent system of railroads conecting all sections, they seek to rise above the earth and float, as it were, like creatures of the air. Not content with the coal and gases and the oils in the earth they seek to burn the waters of the sea. Opportunities in this twentieth century for engineering are unlimited. Civil engineers, mining engineers, naval engineers, whoever knows how to manage things or men; all find an opportunity in this century. However, the century is not only material—its aesthetic side is not to be neglected, and it calls for men and women who can tell in verse or song our manifold desires, ambitions and achievemtnts. There are never too many of those who know how, nd to the person who can create, not imitate, this twentieth century is yet part of the first day of Creation.

Though the opportunities of the twentieth century are many and diversified, the person to be successful must meet certain demands. The twentieth century almost demands a college education. The college is becoming a part of life. Thoroughness of knowledge gives the scholar self respect; it makes possible a broad horizon and clear perspective. A great work demands full preparation. It takes larger provisions for a trip to Australia than for one to Portland, and a voyage in the twentieth century has no limit.

Though the opportunities for a college graduate are greater than for one who has not been favored with a college education it is not necessarily true that the opportunity lies alone for the college graduate. Some of our greatest men of the century never saw the inside of a college in their younger days. Men like Harriman, president of the Southern Pacific, Andrew Carnegie, the steel magnate and LelandStanford, the railroad builder, worked themselves up from the bottom of the ladder. It takes more than an education to make a man. It takes good judgment, determination to make or find a way, tenacity of purpose and good common sense. But every youth should aim at a college education for the twentieth century is an age of specialization. The successful man is not the man who knows a thousand and one things, but the man who knows one thing and knows that thing better than any other man. It is said of a great financier that he once asked a young man. "What is your greatest ambition?" "To be a rich man," was the reply. "That's where you're a fool," answered the financier. "You should aim to be the greatest in your line of work in the world. Then you can't help being rich." The advice was straight to the point.

More than all this, the young man or woman of the twentieth century must be a person of character. It was said of Abraham Lincoln, that he was a man, "too simply great to scheme for his own proper self." The man who schemes for his own advancement soon forfeits the support of others. He may lay pipes and pull wires, seeming for a little to succeed. "God consents but only for a time." Sooner or later if he lives t meet his fate, he finds his end in utter failure. Honesty is not only the best policy, but it is the only policy. This quality is the one quality above all others which will make our opportunities in this great twentieth century golden. The profits of the future will be the legitimate reward of economy, organization and boldness of conception. To this end absolute honesty is essential to success.

Young men and women of this graduating class, you will have to discriminate in your choice of occupations. You must have an ambition for some worthy cause and above all things, you must have a steadiness of purpose. If you say to yourself, "I will an engineer, a teacher or a statesman; if you never unsay it; if you bend all your powers in that direction; if you take advantage of all aids that come in your way, you will sometimesu reach your goal. For the world turns aside to let any man pass who knows where he is going. Your way will be beset with difficulties, hardships and privations but "Welcome each rebuff that turns earth's smoothness rough—" knowing that each difficulty surmounted means stronger character and brings you nearer your goal. Knowing,"That he who would be wise must daily earn his wisdom."

Be hopeful in following up your pursuits; love the world and the world will love you in return. Thoreau once said, "There is no hope for you, unless this bit of sod under your feet is the sweetest for you in the world. Nowhere is the sky so blue, the grass so green, the opportunities so choice as now, here, today, the time, the place where his work must be done." Do not pray for easy lives. Pray to be stronger men. Do not pray for tasks equal to your powers, pray for powers equal to your tasks.

Members of the class of nineteen hundred and nine we have spent four very happy school years together, and we have now come to the time when we must sever those bonds which have held us together in our school work, and enter upon the serious work of the world. May success crown your efforts and happiness be your reward.

Studenta Present Drama.

Clyde Fitch's play The Stubbornness of Geradline, presented by the senior class of the high school was the attraction at the Alhambra last Wednesday night.

The play is by no means an easy one for amateurs and the young players are to be decidedly congratulated upon its success in general and especially upon their clear enunciation of the lines. All the parts were well cast. The difficult role of the Count was excellently interpreted by Morris Goldsmith while John McCrea proved delightfully diverting as the English Lord Tilbury. Theresa Sullivan filled the position of leading lady most acceptably, Minnie Becker's "VVI" was natural and vivacious and Petra Johnston was very much at home in the part of Mrs. Wrighton. The others did equally well.

Musical numbers were rendered between acts by the Misses Christensen and Behrens, Miss Jessie Smith, Miss Beeger, Miss Durham and Miss Wolfenden.

The realistic scenery of the first act was the work of Mr. VanCourt and added greatly to the success of the play. Great credit is due Miss Swain who has been untiring in her work as coach and to Mr. Shrewsbury whose assistance has been invaluable.

The cast was as follows:

Geraldine Lang ..... Theresa Sullivan
Vi Thompson ..... Minnie Becker
Mrs. Wrighton ..... Petra Johnston
Frauline Handt ..... Eveline Curran
Mrs Jarrs ..... Lizzie Lewis
Mrs Matthewson ..... Emma Holden
Mrs. Dreed ..... Jean Bruce
Mrs. Whipple ..... Jean Bruce
Miss Piney ..... Jessie Fitzpatrick
Stewardess ..... Hazel Winter
Count Carlos Kinsey ..... Morris Goldsmith
Mr. Wrighton ..... Otto Offerman
Lord Tilbury ..... John McCrea
Mr. Crager ..... Walter Nobs
Snip's Doctor ..... Walter Nobs
Jars ..... Henry Beeger
Thornton ..... Henry Beeger
Steward ..... Sydney Williams

NOTICE OF ELECTION.

NOTICE IS HEREBY GIVEN that, whereas there was heretofore and on the 12th day of May, 1909, duly presented to, received by and filed with the Board of Trustees of the City of San Mateo, a municipal corporation in the County of San Mateo, State of California, a written petition signed by over one-fifth in number of the qualified electors of such municipal corporation, computed upon the number of votes cast at the last general municipal election held therein, asking that the hereinafter described new territory be annexed to, incorporated in, and made a part of such municipal corporation, and asking and proposing that the boundaries of said City be altered accordingly; and further asking that there be submitted to the electors of said City and to the electors residing in the aforesaid territory proposed by said petition to be annexed to said City, the question whether such new territory shall be annexed to, included in and made a part of such municipal corporation, and that such proposition and question be submitted at a special election to be held for the purpose and no other, and that said Board call such election and cause due and legal notice to be given thereon, as provided by law: and whereas, said Board of Trustees duly considered said petition, and received evidence in support thereof, and duly found that said petition was in proper form and was so signed, and thereupon, duly called said election and directed this notice to be given:

NOW, THEREFORE, a special election has been, and is hereby called and will be held on Monday, the 14th day of June, 1909, for the purpose of submitting to, and at which there will be and is hereby submitted to the electors of such municipal corporation, the City of San Mateo, and to the electors residing in the new territory so proposed by such petition to be annexed to said City and which territory is hereinafter particularly described, the following proposition to-wit: the proposition and question whether such new territory so proposed to be annexed to said City shall be annexed to, incorporated in, and made a part of such municipal corporation.

AND NOTICE IS FURTHER GIVEN, that the territory so proposed to be annexed to said City, and which is sought by said petition to be so annexed, and which is above referred to, is bounded and specifically described, as follows, to-wit:

All that certain territory and parcel of land situate, lying and being contiguous to the City of San Mateo, and in the County of San Mateo, State of California, and particularly described as follows, to-wit:

Beginning at the point where the westerly boundary line of the City of San Mateo intersects the southerly line of Barroihlet Avenue, and running thence Northwesterly at right angles with said line of Barroihlet to the center of said Avenue; thence southwesterly and along the center line of said Barroihlet Avenue to its intersection with the division line between the southwesterly boundary line of San Mateo Park, and the lands now, or formerly owned by Doyle, if extended northwesterly; thence Southeasterly on and along the said extension of said division line and along said division line to the most easterly corner of the said lands now or formerly owned by Doyle; thence Southwesterly on and along the division line between the boundary of San Mateo Park and said lands now or formerly owned by Doyle, and continuing in the same course southwesterly to the most westerly corner of the San Mateo Park Tract (formerly the Clark Tract) being a corner in the lands of Brewer; thence southeasterly on and along the division line between the southwesterly boundary line of said San Mateo Park Tract, and the lands of Brewer to a point in the southeasterly boundary of said San Mateo Park Tract; thence northeasterly and along said southeasterly boundary line of said San Mateo Park Tract to the present westerly boundary line of said City of San Mateo; and thence Northwesterly on and along said westerly boundary line of said City of San Mateo to the point of beginning.

AND NOTICE IS HEREBY FURTHER GIVEN, that the qualified electors of said municipal corporation, the City of San Mateo, and the qualified electors residing in said new territory so proposed to be annexed are hereby invited to vote upon the proposition above stated by placing upon their ballot the words, "FOR ANNEXATION" or "AGAINST ANNEXATION" or words equivalent thereto, and stamping the same as hereinafter provided.

AND NOTICE IS FURTHER GIVEN, that it is proposed to annex to, incorporate in, and make a part of such municipal corporation, the territory so sought to be annexed, and which is specifically described and bounded as above set forth.

Said election shall be held and conducted in conformity with the general election laws of the State of California, governing and so far as the same may be applicable to such elections.

For the purposes of said election, said City of San Mateo is divided into two consolidated election precincts to be known respectively as "San Mateo Municipal Election Precinct, No. 1," and "San Mateo Municipal Election Precinct No. 2."

San Mateo Municipal Election Precinct No. 1 shall contain all that territory of said City of San Mateo included within the limits of San Mateo Precinct No. 1 and San Mateo Precinct No. 2, as said precincts are described in Ordinance No. 220 of the County of San Mateo, passed February 17, 1908, and entitled "Ordinance No. 220 of the Board of Supervisors of the County of San Mateo, State of California, dividing said County of San Mateo into Election Precincts, and establishing the boundaries thereof," being all that portion of said City bounded on the northwest by San Mateo Creek.

San Mateo Municipal Election Precinct No. 2 shall contain all that territory of said City of San Mateo, included within the limits of San Mateo Precinct No. 3, San Mateo Precinct No. 4 and San Mateo Precinct No. 5, as said precincts are described in said Ordinance No. 220 of the County of San Mateo, being all that portion of said City bounded on the southeast by said San Mateo Creek.

In said San Mateo Municipal Election Precincts, the polls shall be held at the places and the election conducted as aforesaid by the Judges and Inspectors, respectively, hereinafter named as follows, to-wit:

In San Mateo Municipal Election Precinct No. 1 the polls shall be held in the City Hall and in that portion thereof fronting on "B" street, and occupied by the San Mateo Fire Department, and the Judges shall be J. P. Weller and C. J. Hatch, and the Inspector shall be Dennis Riordan.

In San Mateo Municipal Election Precinct No. 2, the polls shall be held in San Mateo Union High School building on Baldwin Avenue, between Griffith Avenue and El Camino Real, and the Judges shall be M. F. Brown and L. R. Huyck, and the Inspector shall be Paul Wenck.

For the purpose of said election, the new territory above described, and which it is proposed to annex to said City, shall constitute one election precinct for the qualified electors residing in said new territory so proposed to be annexed (which said precinct is denominated "San Mateo Park Precinct").

In said San Mateo Park Precinct, the polls shall be held at the place and the election conducted as aforesaid by the Judges and Inspector hereinafter named as follows, to-wit: the polls in said precinct shall be held in Blaich's barn situate on the northwesterly line of Bellevue avenue between Hurlingham avenue and Crescent avenue, and the Judges shall be A. C. Boldemann and Adolph Blaich Jr., and the Inspector shall be F. L. Olmstead.

Such polling places are those commonly used as voting places within such municipal corporation and within such new territory, so far as such there be.

In said two precincts in said City of San Mateo and in said one precinct in said new territory so proposed to be annexed the polls will be opened at 6 o'clock of the morning of the day of election, and will be kept open until six o'clock in the afternoon of the same day, when the polls will be closed.

And the qualified electors of said municipal corporation of the City of San Mateo and the qualified electors of said new territory so proposed to be annexed, as hereinbefore described are invited to vote upon such proposition of the proposed annexation of said territory to said municipal corporation of the City of San Mateo by placing upon their ballots the words, "For Annexation", or "Against Annexation", or words equivalent thereto, and stamping the same as hereinafter provided.

The manner of voting for or against the proposition whether such new territory shall be annexed to, included in and made a part of such municipal corporation shall be as follows, to-wit: a sufficient number of ballots shall be and is hereby directed to be prepared and caused to be printed upon the proper kind of paper used at such elections in said State by the Clerk of said City, and be furnished and provided for the use of the voters at said special election, at the expense of said City, said ballots to have the following matter printed thereon, in addition to any other matter which may be required by law, to-wit:

TICKET.

Special Election submitting to the qualified electors the proposition and question whether the new territory proposed to be annexed to the City of San Mateo, by the petition filed May 12th, 1909, with the Board of Trustees of said City, shall be annexed to, included in and made a part of such municipal corporation.

For Annexation
Against Annexation

Any voter who desires to vote in favor of said proposition to annex to, include in and make a part of such municipal corporation, the said proposed new territory, shall do so by stamping a cross (X) in the voting square on the right hand margin of his ballot after and opposite the words, "For Annexation", and after such ballot shall be so stamped and deposited in the ballot box, it shall be canvassed and counted as provided by law, as a vote in favor of said proposition, and of annexation.

Any voter who desires to vote against said proposition of annexing to, incorporating in and making a part of such municipal corporation, the said new territory, may do so by stamping a cross, (X) in the voting square on the right hand margin of his ballot, after and opposite the words "Against Annexation", and after the ballot shall be so stamped and deposited in the ballot box, it shall be canvassed and counted as provided by law as a vote against said proposition and against such annexation.

And notice is hereby further given that any voter who desires to vote for and in favor of said proposition of annexing to, incorporating in and making a part of such municipal corporation the said new territory, so proposed to be annexed, may do so at said special election, as stated in said form of ticket, by stamping a cross (X) in the voting square at the right hand margin of his ballot after and opposite the words "For Annexation", and after such ballot shall have been so stamped and deposited in the ballot box, it shall be canvassed and counted as provided by law, as a vote in favor of such proposition and of such annexation.

And that any voter who desires to vote against said proposition of annexing to, incorporating in and making a part of such municipal corporation, the said new territory so proposed to be annexed, may do so by stamping a cross (X) in the voting square on the right hand margin of his ballot, after and opposite the words "Against Annexation", and after such ballot shall be so stamped and deposited in the ballot box, it shall be canvassed and counted as provided by law as a vote against such proposition and against such annexation.

Said mark shall be done only with a stamp, which with the necessary pads and ink will be provided for each booth for the purpose.

This notice is issued this 12th day of May, 1909, by order of the Board of Trustees of said City of San Mateo, duly made and entered this 12th day of May, 1909.

DANGER IN DELAY

Kidney Diseases are too Dangerous for Redwood City People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, sore ness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people rigth here in Redwood City.

Samuel Hall, living at 507 Stambaugh st., Redwoodo City, Cal says: "I was troubled more or less for three or four years, by a disordered condition of my kidneys. I did not suffer from headaches or backache, the most annoying symptom of my trouble being a frequent action of the kidney secretions forcing me to arise many times during the night. Doan's Kidney Pills were at length brought to my attention and deciding to give them a trial I procured a box. I used them according to directions and soon the kidney secretions became normal and regular in action. I heartily recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Assessor's Instructions

To Owners of Real Estate and Personal Property.

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where the property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

If you hold mortgages against others send in a mortgage statement showing amount due on each mortgage on the first Monday in March at 12 o'clock m.

No change can be made by the Assessor after he turns his books over to the Board of Supervisors on the first Monday in July. The Boards then sets as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor, as well as to yourself, to have your assessment correct when you go to pay your taxes.

C. D. HAYWARD,
Assessor, San Mateo County.
